After preparing your DVD Photo Montage, Honor You Memorial Products would like to upload the actual video portion of the DVD to the Internet for others to see and enjoy the photos and memories of your loved one. It serves as a lasting tribute for many years as we do not remove these videos but they can be enjoyed time and time again, several years later, and from anywhere with internet access. Out of town family members and friends have found this to be very beneficial and have given us many positive responses. While there is no additional charge for this service, we respect your right to choose not to have this service provided. Please indicate below if you authorize for us to post the video to the internet. Thank You.

*** Please note, unless we receive authorization below, your video will not be available on the internet.*
